Such repatriation is mandatory, where

the attending physician and family or admitting physician determine that the patient is medically fit to travel and appropriate arrangements have been made to admit the patient into the provincial health care system. Repatriation will ensure continued coverage under the plan. Should the patient opt not to be repatriated, no further benefits will be paid under the plan for the resolved emergency. Up to \$1,000 will be allowed to return the patient's personal use motor vehicle to the patient's residence or nearest rental agency, as applicable.
